## Welcome to the Cloud!

The Arizona Business Education Association is excited to announce the 2012 Spring Conference to be held on Friday and Saturday, April 13-14, 2012 at the beautiful Loews Ventana Canyon Resort in Tucson, AZ. This year's conference will focus on the new buzzword in technology - The Cloud. We'll check out the latest social media, cloud computing and technology happenings!

It's not just presentations though. **Every attendee is required to bring a laptop because we will put the Cloud to work!** The sessions are designed to allow you to create, try and play with the resources that are shown. You will leave with your "Head in the Cloud" and your hands on some practical tools for the business classroom. We'll see you there!

**See you on Friday the 13th (don't be scared!)**
